

Steve, I just want to thank your whole family for being so positive, and actively involved in this project. By family, I mean your wife & children, Jay Segal, Twiddle, the volunteers, the friends, and of course, YOU! You gave so generously with your time with this, and we are forever grateful. Please come for a visit and tour. ☺ warm wishes

Dear Steve,

Each day at Kurn Hattin Homes is filled with the sounds of children learning, playing and growing into adults whose lives have direction and purpose. Since 1894, generations of young girls and boys have been given opportunities for success through generous gifts from friends like you.

Every donation makes a difference in the scope of services we are able to provide, and the number of children we can serve. Thank you for your contribution of \$1,012.00 given on 07/07/2015, and for considering Kurn Hattin Homes a cause worthy of your support.

Sincerely,

Connie Sanderson  
Executive Director
