Dear Steven,

Please know how very grateful I am for your generous gift of \$765.00 to Person-to-Person.

Serving the Lower Fairfield community since 1968, Person-to-Person is one of the first places a person turns to when faced with a crisis. With your support of the Emergency Assistance Program, we are able to help individuals and families struggling with some of the most basic elements of a dignified life. Many people come to us in need of food or clothing, others with an eviction notice or a past-due utility bill in hand. Your gifts helps to ensure that each is provided with concrete assistance coupled with guidance in taking steps towards stability. In all that we do at Person-to-Person, we aim to provide hope and restore the confidence and dignity that can be threatened by financial crisis.

On behalf of the thousands of individuals and families who will be helped this year by Person-to-Person, thank you for your support. Thank you for caring.

Sincerely,

Callie Jayne
Norwalk Site Manager
